School Supply Drive

To provide ongoing support to our local Schools, Page One is launching the perpetual School Drive. This program will collect school supplies and other items through any of our Page One locations to be collected, sorted and delivered to local schools to support students and provide items for school Care Closets.

Previously school supply drives were one weekend annually, and we found that schools needed more than just pencils and crayons. A more in depth support system through their Care Closets provided students in need with essential items that were not normally collected through School Supply drives. This program aims to help fill those gaps for our local schools as they support students in need.

Donations for the School Supply Drive can be dropped at any one of our locations during business hours. When dropping off a donation, please specify that the item(s) are for the School Drive so that we can get them to the proper place to get packed and distributed!
